**PLAINTIFF'S AMENDED MOTION TO REINSTATE AFTER
DISMISSAL WITHOUT PREJUDICE**

Plaintiff, JAMON HESTAND, Movant, brings this Amended Motion to Reinstate After this case was Dismissal Without Prejudice. In support thereof, Movant shows the Court the following:

Background

Movant was assaulted on February 13, 2018, by TDCJ prison guards acting criminally, negligently, and with deliberate indifference to Plaintiff's health, safety, and human dignity. Plaintiff's rights were continuously violated from that date until the present. On at least two more later dates, he was again assaulted in retaliation for having asserted his rights. Plaintiff specifically complains of February 13, 2018, December 9, 2019; March 9, 2020; April 5, 2020; April 7th, 2020, Plaintiff's Motion to Reinstate After Dismissal Without Prejudice - Jamon N. Hestand

in which Plaintiff was subjected to continuous and repeated abuse and beatings from prison staff. The statute of limitations to bring some of its claims in this case tolled on February 13, 2020, On November 5, 2021, this Court dismissed this case and suspended all SOL's against any Defendant for its claims.

Plaintiff had many challenges with serving summons on the defendants in this case because Plaintiff is an inmate in TDCJ and the Defendants are guards and other workers at the prison where he works. As such, the Prison has refused to allow the process server to even enter the property of TDCJ to request these individuals in order to effect service. Plaintiff paid the process server \$2,000.00 to complete the service of process. However, the process server returned it with an affidavit attesting to the total lack of cooperation from the prison officials in this matter. (See, Exhibit 1) This is the primary reason that they have not been served.

Plaintiff, Jamon Hestand, is a chronically mentally ill person who is in solitary administrative segregation. He is not relieved of confinement from his cell.

Plaintiff filed Request for Issuance of Summons as to All Defendants on June 30, 2021. Plaintiff made multiple attempts to locate and to serve his Defendants. On July 30, 2021, Plaintiff moved for an extension of time to serve all Defendants based on Defendants acts to interfere with service and the Court extended the deadline to September 1, 2021. The Court dismissed the case. The Court dismissed the case for failure to file proof of service on any of the defendants

Arguments and Authorities

Failure to Comply With Time Standards

A court should grant a motion to reinstate if the Movant shows good cause for its failure to prosecute within the appropriate time standards. The Court should reinstate this case because in spite of the fees paid for service by the attorney on behalf of the indigent Plaintiff, the private

process server employed by the Plaintiff was unable to serve Defendants due to lack of cooperation by Wardens and Staff of TDCJ. The Legal and Human Resources Department for the Texas Department of Criminal Justice have likewise routinely refused to assist or provide employment information or service for each warden to allow a process server on to the units.

Plaintiff filed a Motion for Substituted Service in Lieu of personal service on individuals whom Plaintiff's agent had otherwise not been given access to. (Exhibit 2) If this case is not reinstated on the docket and the remaining Defendants not served or otherwise ordered to answer for their actions in violation of Plaintiff's civil rights; justice will not be served.

Plaintiff, Movant, prays that this Court will grant the motion to reinstate this case on the docket, and grant such other and further relief to which Plaintiff may be justly entitled.

Respectfully submitted,
